Have you ever wondered why President Obama is so willing to chase ISIS into Syria and risk war with Russia, but he allows an ISIS base camp to remain intact only 8 miles from El Paso?

—
Both this article and the subsequent interview will answer the aforementioned question while

demonstrating how the U.S. is funding the very enemy we are supposed to be trying to destroy. All is revealed in this “tell-all” in one of the most important interviews ever conducted on *The Common Sense Show*.

—

Scott Bennett Was a “Who’s Who” On International Terrorism and American PSYOPS

ISIS is funded by the CIA, so says Scott Bennett who is a U.S. Army Special Operations Officer (11th Psychological Operations Battalion, Civil Affairs-Psychological Operations Command), and a global psychological warfare-counterterrorism analyst, formerly with defense contractor Booz Allen Hamilton. He received a Direct Commission as an Officer, held a Top Secret/Sensitive Compartmentalized Information (TS/SCI) security clearance, and worked in the highest levels of international counterterrorism in Washington DC and MacDill Air Force Base in Tampa, Florida. He has developed and managed psychological warfare theories, products, and operations for U.S. Special Operations Command, U.S. Central Command, the State Department Coordinator for Counterterrorism, and other government agencies.

—

Bennett served in the G.W. Bush Administration from 2003 to 2008, and was a Social Science Research Fellow at the Heritage Foundation. His writings and lectures seek to enhance global awareness and understanding of modern psychological warfare, the international military-intelligence community, and global surveillance operations being artificially generated under the spectre of “National Security”.

The Message You Are Not Supposed to Hear

Scott Bennett was my guest on Sunday night, May 3, 2015, on *The Common Sense Show*. At least he was supposed to be my guest until both the servers and the live stream feeds, which are housed three thousand miles apart, were taken down by an unknown source. Fortunately, we were still heard by phone, but that was all. Scott Bennett is an expert on terrorism and the moment we got too deeply into the topic, somebody pulled the plug on our satellite provider, in multiple locations. However, the interview was preserved on our archives and is available for listening. What the bad guys must not realize that about 40 times more people listen to the archives than the live broadcast.

—

The net effect of taking down the bulk of our interview with Scott Bennett will be about the same as was NPR’s lame attempt to collectively disparage my reporting on Jade Helm. On May 3, my website analytics revealed that about 20,000 NPR readers actually came to *The Common Sense Show* website, directly from NPR, to take a look around because of the negative article. Thanks NPR and thanks to the people who attacked our show last night. As word spreads about how *The Common Sense Show* was attacked, the curiosity factor will double or triple our normal listenership. Thanks to NPR and the other would-be-assassins of the truth for helping our staff spread the truth partially through the law of unintended consequences.

"The Islamic State (IS) ... was and continues to be supported covertly by the United States. In other words, the Islamic State is a creation of US intelligence with the support of Britain's MI6, Israel's Mossad, Pakistan's Inter-Services Intelligence (ISI) and Saudi Arabia's General Intelligence Presidency (GIP), Ri'āsat Al-Istikhbārāt Al-'Āmah (رئاسة الاستخبارات العامة). Moreover, there is evidence that NATO in liaison with the Turkish High Command has been involved in the recruitment of jihadist mercenaries from the outset of the Syrian crisis in March 2011.

In relation to the Syrian insurgency, the Islamic State fighters together with Al Qaeda affiliated jihadist forces of the Al Nusra Front are the foot soldiers of the Western military alliance. They are covertly supported by US-NATO-Israel. Their mandate is to wage a terrorist insurgency against the government of Bashar Al Assad. The atrocities committed by the Islamic State in Iraq are similar to those committed in Syria."

What is wrong with these photos? Why are all these terrorists covered up in black like Ninjas? Why are they afraid to show their faces and skin when in many other photos they can be seen. It is to hide the identities of these fake terrorists. They are most likely Caucasian actors with different skin colors and facial features and not Middle Eastern people. These are staged photo shoots probably in studios

on a green screen/setting with the background filled up in a computer later on! They are made out of the video/photo production setup of the psychological warfare departments of the CIA, MI5/6, Mossad!

ISIS DOMESTIC TERROR THREAT CREATED BY CIA AND U.S. MILITARY

CIA facilitated 9/11 terrorist visa mill in Saudi Arabia

19 June 2014

by KURT NIMMO | INFOWARS.COM | JUNE 19, 2014

Eli Lake, writing for *The Daily Beast*, in other words *Newsweek*, warns that Americans fighting in Syria may soon return home and pose a serious terror threat.

"The problem, U.S. counter-terrorism and intelligence officials tell *The Daily Beast*, is that there are just so many jihadists with Western passports traveling to fight in Syria that they worry some of them may slip back into the United States without being detected," Lake writes.

He then quotes Matthew Olsen, the director of the National Counter-Terrorism Center, who told the Senate Foreign Relations Committee in March hundreds of terrorists have Western passports and they "could return to their home countries to commit violence on their own initiative or participate in al Qaeda-directed plots."
